Program Descriptions

Stride: Computer based program that will challenge members in math, science and language.

Power Hour: A time where members can get homework help

Get Fit: Weekly fitness challenges for the members to partake in.

Tournament Time: Compete with your peers to see who can win a tournament in the games room!

Social Recreation: A wide variety of gym activities to focus on teamwork, peer relationships, and empathy

Healthy Kitchen: Each week members can explore new snacks that are healthy!

STEAM: Members can participate in projects and activities to learn about science, technology, engineering, art and math.

Lego Challenge: Show your creative side and design the best Lego creation for the day's challenge.

Awesome Art: An opportunity for members to participate in different art projects.

Teen Art: A time for the teen members to participate in more advanced art projects.

Story Time: Younger members will have the opportunity to read or listen to a different story book each week.

Smart Kids: Life can be tough for our youth. Learn ways to handle bullying, manage your personal hygiene, eat healthy, among other topics..

World of Disney: Wind down your day with some kid friendly shows on Disney+

Kahoot: The very popular computer based trivia game is back and ready to test every member's knowledge.

Youth for Unity: Helps members better understand diversity and combat prejudice, bigotry and discrimination
